

AHMS REMOVABLE DRILLING PACKAGES

Transport your rig without worrying about road bans!

- ◆ Separate skid transports drawworks, engine, transmission, etc.
- ◆ Setup onsite in 15 minutes or less.
- ◆ Field tested, currently four on the market.
- ◆ Save over 50,000lbs on your transport weight.

The Complete Service:

AHMS Inc. is located in Edmonton, Alberta and has provided the oil patch with superior drilling equipment for over 15 years!

Details:

This is a custom built unit which allows the customer to remove the majority of the weight on a rig, and transport it on a separate skid. The skid loads from the side, and is rotated into place without using additional transport trucks or picker units. Setup time is usually less than 15 minutes. An AHMS Inc. original design that is quickly gaining popularity in the oilpatch.
